

Dear Parents

## HOME SCHOOL AGREEMENT

With this letter you will find two copies of our Home School Agreement. This has been written following consultation with all parents.

Please read the whole Agreement and if you agree with what it says, **sign both copies**. Please also read the child's part of the Agreement with your child and explain what it means. If you feel that your child understands what is expected of them, ask them to sign the Agreement.

**One copy is yours to keep.** Please return the other copy to the school for our records. Thank you.

Please note that the document is not legally binding in any way. If the Agreement is not signed there will be no answerability on any child or parent. However, I sincerely hope that you will all understand the value of the Agreement in clarifying the roles of the school, the parents and the children. I hope this will further improve the relationship between the school and the parents.

If you have any concerns, suggestions or grievances relating to the Agreement or to the school please do come and see us. We really do want a genuine partnership between you and the school. If commitments prevent you from visiting the school, please write or telephone. If we do not know what you think and feel, we cannot get better.

Yours sincerely

Mrs Helen Brambani  
Headteacher
